Hello,

I'll be attending the USNC-URSI NRSN conference at the University of Colorado - Boulder from January 3rd to January 8th, 2022.

Based on my previous trip to Raleigh, I believe I need to answer the following questions:

1. **Travel destination:** Engineering Center, 1111 Engineering Drive, Boulder, CO 80309
2. **Dates of travel:** 01/03/2022 to 01/08/2022
3. **Mode of travel:** Flight (PHX - DEN - PHX)
4. **Name and ASU ID of individual traveling:** Bharath Keshavamurthy (1223224041)
5. **Funding source for the travel:** NSF CAREER (CC0145 GR39928)
6. **Detailed justification for trip and why it cannot be achieved via Zoom:** I'll be attending this conference in-person to present our research paper titled, "A Robotic Antenna Alignment and Tracking System for Millimeter Wave Propagation Modeling" (attached). The conference organizers have provided me with a travel fellowship (attached) which necessitates the in-person presentation of our paper. This travel fellowship provides us with a full waiver of the registration fee (\$225) along with a travel reimbursement of \$375. In addition to this paper presentation, I'll also be attending short courses, tutorials, and plenary sessions in the radio sciences -- which will help augment our research in the field of next-generation wireless network design.
7. **Invitation from sponsor or location site, that traveler has been invited or allowed to participate in an activity:** Please refer to the attached conference registration confirmation/receipt.
8. **Safety guidelines during travel, when on site, and upon returning to campus:** I'm fully vaccinated; additionally, the event organizers require attendees to wear masks in all indoor spaces.

@Nicolo Michelusi: Please change the funding source if NSF CAREER is not the one I need to use for this.

I've submitted the travel authorization form via DocuSign. Please let me know if you need anything else from me.

Thank you.

Hi Bharath,

I just signed the travel auth form so you can enter into Concur now. They changed the process and we do not need Dr. Phillips approval now. You can book your ticket in Concur once the travel approval in Concur is done.

Please put **Paul Herbert** as the authorizer on the travel, as he handles Nicolo Michelusi's travel and admin items now.

(I won't be in office most of today, so if you have any questions please email Paul at paul.herbert@asu.edu)

Thanks,

Ruby Sayed
